MAKING A CLEAR STATEMENT FOR A JUST WORLD

## The Carol Singers' Campaign of the Catholic Children's Movement

In 1954/1955, an old tradition was revived by the Catholic Children's Movement. Every year after Christmas, children dressed in the garments of the biblical Magi go from door to door to sing carols. Today, 85,000 children deliver the message of peace all over Austria and collect money for people in need in Africa, Asia and Latin America.

### Charity has no borders

In Africa, Asia and Latin America, many people have to cope with extreme poverty. Food and drinking water are lacking, children have to work hard, human rights are disregarded. Our project partners are people who take their lives in their own hands:

Homeless children who attend school; families of farmers who secure farm land for themselves; native people who stand up for their rights.

★ THANK YOU! ★

With your donation, you are setting an example

By donating, you actively support people in need in developing countries. The money we collect is used for 500 projects committed to education, medical supplies, securing food and clean drinking water, and strengthening human rights.

→ You are also welcome to transfer your donation to our bank account:
